

The Minnesota Quality Improvement & Registry Tool

Please return this form to the registration table at the end of the conference if you would like your conference hours added into your Develop profile.

www.developtoolmn.org

Develop is an easy-to-use database that helps you track your education, training and career in one place. You can chart your college courses as well as any professional development (Develop approved) training. You can keep track of licensing in-service requirements and match your ongoing professional development to the Minnesota Career Lattice.
