

PARENTING, AGAIN

RAISING A SECOND GENERATION

Taking your grandchildren into your home as the primary caregiver is exciting, new, and rewarding, but it can also be challenging.

Bring your grandchild(ren) and join us for **resources and practical skills**. Children will meet with licensed educators for enriching activities while you meet with other grandparents. These groups are targeted at **strengthening your current family system**.

Licensed Parent Educators will help guide you through today's ins and outs of parenting. You'll focus on everyday problems and support each other in the process.

Monthly meetings, the 2nd Tuesday of each month throughout the school year.

Please note: This class is open to anyone providing care or support to extended family members' children residing in your home.
